

Loan agreement and statement of consent

General practitioner (BaaS-Post)

1. Equipment on loan

You will receive a "blood pressure measurement package". With the blood pressure meter and connected app you can measure your blood pressure at home. The box and the equipment in the box are the property of Medicine Men BV.

I declare that I will treat the box and equipment properly to prevent them from becoming damaged. I will send the entire contents of the blood pressure measurement package back after use to Medicine Men BV.

2. Permission to gain insight into blood pressure data

I give permission to my healthcare provider , his / her practice nurse (s) and Emma Support to gain insight into my blood pressure data. I know I can revoke consents in my app at any time.

I fully agree to measure my blood pressure at home as explained by my healthcare provider and the terms and conditions described above. I have understood the above text and am aware of alternative ways to obtain a diagnostic blood pressure measurement.
